## OFFICE ORDER

### Training and Placement Cell

The Training and Placement Cell aims to support student career growth through structured training, placement, internships, industrial training, and skill certification programs. The cell operates in accordance with the Training and Placement Policy, ensuring alignment with industry requirements and institutional objectives.

#### Objectives of Training and Placement Cell:

1. To ensure placement for students, helping them secure jobs in reputable organizations that align with their academic and professional skills.
2. To organize training sessions, workshops, and mock interviews to enhance students' technical and soft skills.
3. To establish and maintain strong ties with industry leaders, hiring companies, and alumni to facilitate placements and internships.
4. To guide students in career selection and job search strategies.
5. To maintain a comprehensive record of all placement activities, student success stories, and recruitment statistics.

#### Constitution of Training and Placement Cell for Academic Year-2024-25:
