### Vision

To develop Civil Engineers of high competence, technical skills and moral values by imparting vibrant knowledge and skill based quality education to meet industrial and societal needs.

### Mission

M1:- To impart skill based technical education and competencies with professional ethics through quality education and industry institute interaction to deal with industrial and societal needs.

M2:- To equip individuals for diverse socioindustrial opportunities by offering hands on trainings, add-on courses and continual learning fostering lifelong skill development.

M3:- To empower students as an individual and collaborative team member to cultivate proficiency in problem solving, communication skill and spirit of entrepreneurship.
